

Flag Day - On 14 June 1777, The Continental Congress directed "that the flag of the thirteen United States be thirteen stripes, alternate red and white; that the Union be thirteen stars, white in a blue field, representing a new constellation."

And another June spotlight - On 10 Jun 1652, the Massachusetts Bay Colony (in defiance of British law) established the first colonial mint, which produced the pine tree shilling.

Quote of the Month "How often do we see children ruined through the virtues, real or supposed, of their parents?" Samuel Butler, "Elementary Morality," 1912

9. Family Line of Valerie Banks-Frye

I am a Dunn Descendent. My Mother's ancestors emigrated from Stow, Midlothian, Scotland between 1863 and 1864. David Dunn, his wife Isabella Hogarth (probably pregnant) and their 3 children, along with David's brother, Alexander Dunn and possibly his wife, Agnes Thompson, settled in Ontario, Canada between 1863 and 1864. They left behind their families in search of a better life.

David and Alexander Dunn, along with their families, originally intended to settle in the United States. They had an uncle in Kentucky and planned to settle near him. However, the Civil War was going on and their ship was denied a port because of it. They did not want to return to Scotland and decided to settle in Canada, where it would be easy to immigrate to because they were British citizens. They went down the Saint Lawrence Seaway and settled first at Owen Sound, Ontario, Canada and later homesteading in the Thessalon, Ontario area.

Dunn's Valley, Ontario, Canada – It is very neat to have a town named after your relative. Dunn's Valley was named for Alexander. (Dunn's Valley 46°28' 83°38') The Dunn of Dunn's Valley refers to A. B. Dunn, one of the earliest settlers in the area (CPCGN). This rural community was named in 1898, and is located 35 km from Thessalon on the CPR (Carter, 334). See this web site: <http://geonames.nrcan.gc.ca/english/schoolnet/notes/d.html>

Edith Cameron was a lovely lady who wrote the book, "Pioneers in a Land of Promise" about David and Alexander Dunn and the settling of areas like Bellingham, Parkinson, and Goldenburgh, Ontario, Canada.

14. Tennessee - Wilson Co.

Brief History: Tennessee was admitted as the 16th State to the Union on 1 Jun 1796. In Jun 1861, the people voted in favor of separation from union. Tennessee, the last of the eleven states to leave the Union, did so by the unique procedure of declaring its independence, rather than adopting an ordinance of secession. As a result of this action, Tennessee was immediately reinstated to the Union in Jul 1866 and escaped the harsh congressional program of military reconstruction applied to the other states of the Confederacy.
